

Addendum # 9

RFP # 2011/L002 - LNG Floating Storage & Regasification Terminal

(REVISED February 15, 2012)

Site Coordinates for Near-Shore Base Case

The following is an amendment to the site coordinates shown in Section 3.2 of the Basis of Design, included as Attachment 2 of the Request for Proposal # 2011/L002 (LNG Floating Storage & Regasification Terminal):

3.2 Site Coordinates

The approximate coordinates of the Base Case, near-shore, SRT and ORF locations are:

- a) SRT 77°07'34" W, 17°53'30" N [TBABC 4]
- b) ORF..... 77°07'38" W, 17°53'38" N [TBABC 4]
- c) The coordinate along the pipeline route are available in Appendix 4 Pipeline Route [TBABC 4]

The SRT shall be located in the Portland Bight, in the vicinity of Port Esquivel. The final location of the SRT is to be confirmed by the CONTRACTOR subject to mooring analysis and availability validation during detailed engineering [TBABC 4].
